

**Installation of stop signs – Lakeview Dr. & Sunset Cir.**

TAB 7 FOR BOARD

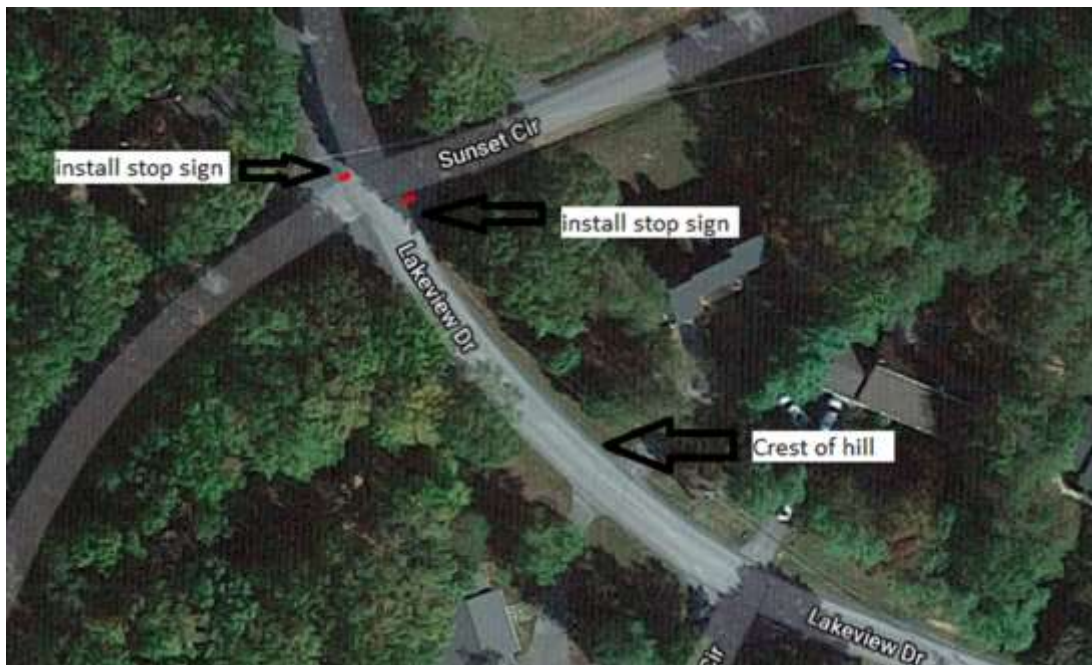

February 13, 2022

**ISSUE:** The intersection of Lakeview Drive and Sunset Circle is right below the crest of a hill and is a hazard to those on Sunset Circle attempting to cross or turn onto Lakeview Drive.

**BACKGROUND:** Buildings, Grounds, and Safety Advisory Committee (BGSA) has received complaints of “close calls” from Sunset Circle residents trying to cross or turn onto Lakeview Drive.

**SUMMARY:** The crest of the hill on Lakeview Dr (close to the 3-way intersection of Lakeview & Sunset) creates a sufficient blind spot for the 4-way intersection of Lakeview Dr. and Sunset Cir., given the 25mph speed limit on Lakeview Dr.

**RECOMMENDATION:** Buildings, Grounds, and Safety Advisory Committee voted unanimously in favor of adding stop signs to Lakeview Dr. at the 4-way intersection of Lakeview Dr. and Sunset circle.

**PROPOSED MOTION/ACTION:** Approve the installation of stop signs on Lakeview Dr. at the 4-way intersection of Lakeview Dr. and Sunset Cir.

**SPONSOR:** Dustin Terry, Chairperson – Buildings, Grounds, and Safety Advisory Committee
