

STRIPE 2nd TENNIS COURT WITH PICKLE BALL LINES - ACTION TAB FOR BOARD

08/23/2022

ISSUE: Residents are using the tennis courts to play pickle ball tournaments, but only one is striped for pickle ball specifically. It has been requested to stripe the 2nd tennis court (the one closest to the Clubhouse/Beach 1 parking lot).

BACKGROUND: In late 2021 the Board agreed to stripe 1 tennis court with pickle ball lines. The work was completed this spring with the refinishing of the tennis and basketball courts. Since then, pickle ball has become even more popular. Residents have organized tournaments and with both tennis courts being used for pickle ball at the same time. The unstriped court is currently being striped with chalk by residents as a temporary fix.

SUMMARY: Pickle ball is rapidly gaining popularity across the country and it would make sense to utilize both of our tennis courts for this activity, since there is minimal impact to tennis players and the cost to do the striping is low.

RECOMMENDATION: Add the striping to the upcoming tasks Wilson's Asphalt will be performing in the community this fall to keep costs down.

PROPOSED MOTION/ACTION: Approve striping the 2nd tennis court for Pickle Ball.

SPONSOR: Dustin Terry, Chair, Buildings, Grounds, and Safety Advisory Committee
