**Tab: Clubhouse Round Tables**

**Issue: Clubhouse Tables Replacement and or Repairs**

The Buildings and Grounds Committee is in the process of overseeing the replacement of the worn, tattered or broken tables, chairs, and flooring in the clubhouse.

**Background Information:**

The clubhouse tables, chairs, and flooring are scheduled for replacement and or repairs in the 2020 Reserve Replacement plan. While all of the tables are due for some type of maintenance or replacement in 2020, most of the round tables that are currently in our possession needs to be urgently replaced now. They are utilized by many of our clubs, organizations, and committees, as well as the many wedding celebrations that we hold. Safety concerns add to the need for moving portions of this project forward now instead of 2020.

**RECOMMENDATION:**

The Buildings and Grounds are recommending that 6, 48” plastic round tables and 4, 60” plastic round tables be replaced within the next two months. The cost will be \$2,000. These funds would be taken from the replacement reserve funds, or if another immediate funding source is applicable for this immediate use, that it be tapped for the purchase of these tables.

**MOTION:** That the Board of Directors approve the transfer of \$2,000 funding for the immediate purchase of 6, 48” plastic round tables, and 4, 60” plastic round tables for the clubhouse.
